

Examples of Destinations of LSHTM graduates from MSc programmes

The examples below are based on data from the 'Destinations of Leavers in Higher Education' (DLHE) survey. LSHTM alumni were contacted 6 months after graduation and asked about their employment status (more info at: www.hesa.ac.uk).

Data from the 2011/12 to 2016/17 surveys are combined below. Please note that not all students respond to the Destinations of Leavers in Higher Education survey and there are a disproportionate number of UK respondents due to collection bias. **2016/17 was the last year that data was collected using DLHE.** Alumni are now contacted 15 months after graduation as part of the Graduate Outcomes Survey (GOS) (more info at: <https://www.graduateoutcomes.ac.uk/>). Data from GOS are not broken down to programme level.

Disclaimer:-

- The number of entries for each degree is in no way an indicator of general employability of each course – numbers of students who have studied individual courses vary significantly and this obviously affects final graduate numbers (and survey responses)
- For many degrees with significant numbers of graduate destination information, a representative sample of jobs / employers are shown.
- For data protection purposes we have excluded details to ensure that those surveyed cannot be identified. Please do not use the information provided as a way to contact School alumni.

Control of Infectious Diseases

Example job titles:

Academic Researcher	Immunisation Consultant
Accounts Payable Co-Ordinator	Infection Control Nurse
Africa Regional Programme Analyst	Infectious Disease Fellow
Analyst	Information Analyst
BSc Global Health and Social Medicine	International Programmes Volunteer
Charity Volunteer	Junior Doctor
Chlamydia Screening Officer	Laboratory mentor Training coordinator
Clinical Research Project Assistant	Lecturer in Medical Emergency
Clinical Researcher	Lecturer in Medicine Sciences
Communications PProfessional	Malaria Data Analyst
Contract researcher	MBBS Medicine
Data Analyst	Medical Assistant
Deputy Clinical Operations Manager	Medical Resident
Diabetes Quality Improvement Co-Ordinator	MSc Medical Anthropology
Editorial Assistant	Nurse
Epidemiologist	Operational Researcher
Epidemiologist and Surveillance Scientist	Paediatric Care Manager
Field Operative	Pharmaceutical Drug Safety Officer.
Freelance Researcher	Pharmacist
General Practitioner	PhD Epidemiology
Health Care Consultant	PhD HIV prevention programming
Health Officer	PhD Nutrition
HIV SPI Prevention Scientist	Physician
	Planetary Health Education Fellow

Pre-Doctoral Fellow
Principle Investigator
Programme Coordinator
Programme Manager
