- Student led seminar Careers in Public Health in the UK (particularly second half, starting at 21:48)
- Careers workshop Careers in Public Health in the UK

Next week (remember clocks change in the UK!):

Careers with UN organisations – Tues 27 Oct, 10-10.45 am (GMT)

Wed 28 Oct, 3.30-4.15 pm (GMT)

Introduction to LSHTM Connect – Thurs 29 Oct, 3.30-4.15 pm (GMT)

Recorded sessions:

Alumna talk Dr Ekua Yankah

Recordings from LSE International Organisations Day last November

Slides and notes from PH4D students' presentation following Geneva visit

Plus: drop-in session following viewing recordings on how to make best use of LinkedIn

Practical points

- Please keep mics on mute
- Use the chat box lots (look for purple shape with arrows on bottom right to open chat box)
- Trouble with sound? Trying leaving and coming back, try a different browser (avoid Edge or Internet Explorer)
- The session will be recorded and put on Moodle

This workshop

- Introduction to UK Public Health specialty training
- Application process
- Insight from a current participant

This workshop is not an overview of all aspects of Public Health in the UK

Resources for that:

Careers in Public Health in the UK;

Career options using your master's;

Careers using your research skills

Who is in the room?

Clinicians/non-clinicians?

Experienced/less experienced?

UK/International?

Current level of knowledge of Public Health training scheme?

Vague Fair Thorough

The UK Public Health landscape

National picture – central Government, PHE, NICE, Implementation – local authorities (also charities/NGOs)

Other major players – Think Tanks, consultancies, pharma

Research – universities, pharma, research aspects in other organisations/roles

Public Health training scheme/registrar training, leading to Public Health Consultant role (usually local authority).

What is the scheme?

One of the medical specialties, but open to non-medics;

Varied training over 4-5 years (4 years if already hold PH master's);

Mandatory placements: 12 months Local Authority; 4 months in Health Protection;

Optional placements;

Options for 'Out of Programme' experience (or research eg PhD);

Two exams – written and practical/scenario based;

Potential route to higher level jobs.

Faculty of Public Health

Faculty of Public Health Specialty Training

Body responsible for the training

60-90 places per year

Applications open 5 Nov 2020 Closing date 1Dec 2020 Assessment centre 8 Jan 2021

Do you have to be from the UK?

-Not quite, but... (q 46 in 2020 FAQ doc).

Competition

One of the most competitive specialties for medics. Competition varies by location but overall, 7 (84:601).

Data on last year here

- London and Southeast 13 or 17:224,
- Scotland 20 or 2:41,
- Wales 2 or 5:9.

I'm not a doctor

Experience required, including public health experience;

No precise description of what that is; Up to you to demonstrate.

Application process

Application and assessment of eligibility – first stage; After that, all 'blind' selection (no difference for medics/non-medics).

Assessment centre – verbal/numerical reasoning, situational judgement;

Selection centre – group task, individual interview, written assessment.

All candidates ranked, candidates then also rank areas (in UK) in order of preference.

Training organized regionally, once on scheme, stay in that region.
