Student Networking Event, 14th March 2024

The Careers Project Assistants (Emma, Lucia, Joyce, and Mathea) will be holding a peer-to-peer careers event in the evening of March 14th. This event will be by-students-for-students, and presents an exciting opportunity to network and learn about your peers' professional experience! We are asking students to **fill out the survey, linked [here](#)**, if you have not done so already.

We are also inviting students to contribute to our networking repository, where students can input their sector, career interests, and past experiences, to be used for peer-to-peer networking. If you're interested, **please fill out the repository, linked [here](#)**. We hope this will serve as a means to make connections between students with similar career goals and interests.

We're looking forward to bringing you these exciting Careers events! Please direct any questions to careersproject@lshtm.ac.uk.

Alumni & Student Networking Event – Shall we run another event?

The Alumni & Student Networking event is one of our most popular offerings. This year we had 70 Alumni and Students in the G90 refectory space. If you did attend the event, please give us some feedback about your experience [here](#). The careers team and the alumni team are also discussing the possibility of running a second Alumni and Student networking event in the Summer term. If you would like to attend please add your name to the waiting list [here](#) so that we can get a sense of demand/numbers, and also let us

CMF Developing Health Course

CMF was one of the employers who attended the Virtual Careers Fair. You can read all about them [here](#). They run a Developing Health Course which several people at the fair

expressed an interest in. They say it is “ideally suited to update, equip and inspire people who are committed to global health, whether you are preparing to go outside of the UK to work, returning for a short break and want to update your learning, or considering whether getting involved in global health work is for you.”

The 2024 course will run from 13-20 July at London School of Theology (LST), Green Lane, Northwood HA6 2UW. They will be running concurrent streams on Wednesday and Friday, and ask delegates to choose a stream in advance. You can find more information and the booking page [here](#). Please note there is no charge for admission but you need to book your place in advance.
