Global Health Internship with Costello – for LSHTM Students from LMICs

Costello Medical's Global Health Internship is exclusive to LSHTM and is open to students who have completed their studies by September 2024 and are from low- or middle-income countries. It is a paid opportunity lasting 3 months (depending on your availability) starting Tuesday 24 September 2024 based in their London office. The internship offers recent graduates the opportunity to gain skills in evidence-based medicine, medical communication, and health economics by working on a healthcare problem which is relevant to their community. Applications are open now and the deadline is Sunday 23 June. To view the online advert and application form, please visit: <https://apply.workable.com/costello-medical/i/73F87A9B32/> For more information, see www.costellomedical.com/careers or contact Claudia Casciano (People Team Administrator) at recruitment@costellomedical.com.

Careers at Costello Medical – Virtual Career Fair for Grads and Post-Grads

Event Details: Wednesday 24 April, 3pm BST, 10am EST, signup via Eventbrite [here](#).

About the Event: This event is designed to introduce attendees to a range of entry-level opportunities available at Costello Medical. They will also aim to provide a deeper insight into their projects, culture, and the impact they strive to make in the healthcare sector. They aim to make sure everyone leaves the event with some top tips about how to excel at the recruitment process. There will be a chance to ask questions to their team.

Agenda:

1. Exploring who Costello Medical are, our values and service offerings

2. What Costello Medical can offer you and your career
3. Career Progression and a typical day in the life from our colleagues
4. Our current vacancies and tips/tricks from our recruitment process
5. A chance to ask your questions to our teams

CMF's Developing Health course

CMF was one of the employers who attended the Virtual Careers Fair. You can read all about them [here](#). They run a Developing Health Course which several people at the fair expressed an interest in. They say it is “ideally suited to update, equip and inspire people who are committed to global health, whether you are preparing to go outside of the UK to work, returning for a short break and want to update your learning, or considering whether getting involved in global health work is for you.”

The 2024 course will run from 13-20 July at London School of Theology (LST), Green Lane, Northwood HA6 2UW. They will be running concurrent streams on Wednesday and Friday, and ask delegates to choose a stream in advance. You can find more information and the booking page [here](#). Please note there is no charge for admission but you need to book your place in advance.

Join the Student Careers Networking Database

The Careers Project Assistants (Emma, Lucia, Joyce, and Mathea) are inviting students to contribute to our networking repository, where students can input their sector, career interests, and past experiences, to be used for peer-to-peer networking. If you're interested, **please fill out the repository, linked [here](#)**. We hope this will serve as a means to make connections between students with similar career goals and interests.

Access to eCareersGrad resources

A reminder that eCareersGrad is a fantastic resource to help you prepare for interviews and commercial case studies (used by management consultancies), as well as providing you with information on who hires international grads in the UK. We have subscription access to their three main courses which are: (1) International Students:

Target the Right UK Employer; (2) Interview Success; and (3) Master the Commercial & Consulting Case. **You can access eCareersGrad [using this link](#)** and sign in with your LSHTM email account.

Careers events in the Summer term

The summer programme of careers events includes the following:

- Broadening Horizons: An Event for Early Career Researchers exploring career routes outside academia, Friday 5 July
- Cover Letters and Applications, Wednesday 10 July
- Psychometric Testing, Friday 12 July
- CVs, Tuesday 16 July
- Interviews, Wednesday 17 July
- LinkedIn, Tuesday 24 July

You can see all the details on Moodle 'Forthcoming workshops and events' [here](#).

Your Insights Needed: How Can We Improve The Careers Service?

We want to continue to improve the Careers Service and we need your help to do it!

Please share your feedback and insights [HERE](#). The form takes 2 minutes to complete. Thank you for your time and inputs, we really appreciate it.

Michelson Prizes – Now Accepting Applications

The \$150,000 research grants are awarded annually by [Michelson Medical Research Foundation](#) and the [Human Immunome Project](#) to early-career scientists advancing human immunology, vaccine discovery, and immunotherapy for major global diseases.

Eligibility: They are seeking applicants 35 and under who are deepening our understanding of human immunology and uncovering new approaches to combating diseases. All early-career investigators, post-docs, clinical fellows—including residents and interns—and other researchers in training are eligible to apply. International applicants are encouraged. [Apply here](#).

Opportunities for students and graduates

Jobs are posted in the bar at the right hand side of the Moodle page [here](#). This is a useful resource wherever you are in your career thinking whether you are checking out the types of job available or ready to start applying yourself. You can also check [LSHTM Connect](#), the dedicated platform for students and alumni of LSHTM.
